

I am a K-Love listener. I enjoy listening to this radio station especially when my 12 year old daughter is in the car. I don't have to worry about the language used in the songs. The music is always uplifting, encouraging, and positive. I know it is just as inspiring for me as well as my daughter. If K-love were to be displaced by an LPFM broadcaster providing some other program I believe it would be discriminating against christian radio. I am tired of having my constitutional rights stepped on and abused. The loss of this station would affect myself and along with many other people I know that listen to this station. This station has directed people and given us the inspiration and encouragement to change lives for the better. This station provides prayer for those in need. This station provides resources or directs us to resources in our finances, education, parenting, or spiritual needs. This station also informs its listeners of entertainment news that are fun for the whole family. I support K-Love and I don't want to see it go off the air.
